Students Feedback

Wiktoria Milczynska (Poland, 2019)

My time at Fudan was really enjoyable and I can't believe the current session is almost over. I met a lot of amazing people, took part in interesting classes and learned some mandarin as well. The Fudan ISS is a great experience!

Gerasimos Chatzoudis (Greece, 2019)

Fudan University is one of the best universities in China and it is also very famous worldwide. It is located in Shanghai that has been a fast growing and developing city. I truly like e-Business in China. I got important insight into Chinese culture and entrepreneurship. In the future, I imagine myself as an entrepreneur implementing state-of-the-art technology to some real-life problems in order to make our life a little bit more convenient.

William Lunding (Denmark, 2018)

I come from Denmark but I study in London, England. This has been a much more substantial experience than I could have ever imagined. Though time seems to pass really fast, we actually manage to achieve so much! I found my favorite course was International Law. My professor, Zhang Naigen, was super helpful. I always had the impression that he was there to support us. He was always very clear about what he wanted us to learn. As an International Relations student who is interested in International Law but never has it taught before, I thought this was really a meaningful introduction and I really gained a new interest in it.

ROBERT SCANLON RAMJI (USA, 2017)

I feel that I have been beyond fulfilled of this because it has gone far beyond my expectations in terms of exposures to the language and the culture. I think anybody that comes here should step out of their major and make progress to take something that will give them new perspectives on China. Even more it is the people I have met in this program. The most striking thing to me about the program is how friendly the international students are.

General Information

Fudan University was established in Shanghai in 1905, first known as "Fudan Public School". Mr. Ma Xiangbo, the founder, was a renowned educator at the time, who was hoping to strengthen China through education. Dr. Sun Yat-Sen, the founding father of China, acted as the director of the board of trustees. Since its establishment, Fudan has been regarded as a symbol of China seeking enlightenment from the Western world. In the 114 years since its establishment, Fudan has been distinguished as the leading globally-focused, research driven university in China. This recognition is reflected by the fact that Fudan has consistently been ranked among the top 3 universities in China and 40th worldwide according to 2020 QS World University Rankings. Nowadays, Fudan continues its pursuit of excellence and commits to powerful research and education.

Fudan University International Summer Session 2020 (July 4th-August 1st) will provide a 4-week course study and cultural experience to students from all over the world. Students will have the opportunity to get to know China, experience Shanghai and be part of the Fudan community. This program will help you achieve multicultural understanding, establish a global vision, and get connected with peers from all over the world.

You will find Fudan and Shanghai both wonderful places to learn and enjoy during the summer. Our faculty, staff and students all look forward to welcoming you to Shanghai, the Pearl of the Orient.
